

eSirius

TRAINING RECORDS

A web-based tool for easily tracking staff qualifications

eSirius for Training Records enables:

IMPROVED COMPLIANCE

- IACUC, IBC, IRB AND COI staff, committee members, and PIs can easily view personnel qualifications during protocol authorship and review

TIME SAVINGS

- Training certification and efficiencies are cross referenced with protocol personnel activities including species, procedures, and hazardous agents

DATA ACCURACY

- Training is tracked at the personnel level, so qualifications are always consistent

IMPROVED STAFF SAFETY AND HEALTH

- eSirius helps ensure that staff are only performing activities for which they have been trained
- eSirius can be used to track Animal Facility staff training and occupational health records

APPLICATION HIGHLIGHTS
